ASX Announcement

13 November Share Price Movement

DroneShield Limited (ASX:DRO) (DroneShield or the Company) acknowledges today's share price movement following the lodgement of change of directors' interest notices yesterday.

A substantial number of key DroneShield team members receive performance options as part of their compensation. Yesterday's change of directors' interest notices are unrelated to the growth trajectory of the Company, which remains strong, as highlighted in the recent quarterly market update reflecting record QoQ revenue growth and positive operating cashflow.

Directors have retained a stake in the Company through vested options as they have done in the past when disposing of shares acquired on exercise of options. The Board and executives remain fully committed to the success of the Company.

This announcement has been approved for release to the ASX by the Board.
